

## Who We Are

Cequel III is an investment and management firm with an exceptional multi-decade track record of transforming growth-oriented businesses into industry leaders. Co-founded by Jerry Kent in 2002, Cequel III has successfully built premier telecommunications, technology, business services, and real estate companies, amounting to over \$40 billion in transaction value.

Through our family office direct investment arm, we leverage our extensive operating experience and entrepreneurial culture in partnering with management teams to take their businesses to the next level. We help build value through an active and collaborative investment approach, operational refinement, and an emphasis on growth through organic strategies, acquisitions, and technology-enablement. We invest our own, long-term, family capital in middle market equity investments, across companies that operate in expanding, sustainable industries, with recurring revenue models and op portunities for industry consolidation.

## **Investment Profile**

Cequel III looks to be the lead equity investor with a controlling position in companies meeting many of the following criteria:

PLATFORM COMPANY CRITERIA	<ul> <li>Located in North America</li> <li>Target company EBITDA: \$2-10M</li> <li>Target equity platform investments: \$5-50M (with ability to increase substantially higher)</li> <li>Add-on acquisitions: Any size</li> </ul>
KEY INVESTMENT ATTRIBUTES	<ul> <li>Recurring revenue model</li> <li>Non-cyclical demand profile</li> <li>Control position (or path to control)</li> <li>Experienced, proven management team</li> <li>Grow ing &amp; fragmented industry</li> <li>Opportunities for add-on or complementary acquisitions</li> <li>Defensible market position w ith barriers to entry</li> <li>Attractive free cash flow margins</li> <li>Actionable opportunities for revenue acceleration and operational improvement</li> <li>High return on invested capex</li> </ul>
INDUSTRY VERTICALS	<ul> <li>Business Services</li> <li>Information Technology, Telecommunications, &amp; Media</li> <li>Softw are as a Service</li> <li>Real Estate</li> </ul>
TRANSACTION TYPES	<ul> <li>Leveraged buyouts, recapitalization, growth equity (will opportunistically consider preferred equity/subordinated debt structures)</li> <li>Long-term investment horizon</li> </ul>

We invest flexible, long-term, family capital without the strict hold horizon and operational constraints that come with a traditional private equity fund. We are true value-added partners whose operational roots and extensive deal experience allow us to support new avenues of growth.
